The Ancient Olympics

The Legend of Callipateira

Only men were allowed to compete in the Ancient Olympics. Girls and unmarried women could attend, but not married women.

However, one married woman, Callipateira, wanted to go to the Olympic Games so she could help her son to become an Olympic champion. So she put on a false beard and went to Olympia.

This is the story of Callipateira and her adventures at the Ancient Olympics. On the way we discover the traditions of the games, such as the Olympic Torch and the Olympic Truce. These traditions continue to this day and are the embodiment of the spirit of the modern Olympic movement.

The Ancient Olympics is a fictional story, with a powerful music score, based around Pausanias' original story of Callipateira, in his book "Pausanias: Description of Greece" written around 150 AD and translated by W.H.Jones of Harvard University in 1918.
