TRAFALGAR

Nelson's Finest Hour

In 1805 the mighty French armies under Napoleon Bonaparte had conquered most of mainland Europe.

He now turns his attention to invading Britain.

In order to do this his navy must take control of the English Channel for 24 hours.

Unfortunately for him, the British navy control the seas.

This is the story of the build up to and the epic Battle of Trafalgar.

A battle that once won by Admiral Lord Nelson, saved the British Isles from the threat of invasion for 134 years.

Although created as a musical, *Trafalgar* is a fictional story with strong, exciting music accurately based on the historical facts known about this famous sea battle.
